 Welcome to the Cisco Networking Academy Program web site. Our comprehensive, global e-learning program offers students an opportunity to pursue IT curricula through online instructor-led training and hands-on laboratory exercises. As a result, students can apply classroom learnings to actual technology challenges, which ultimately prepares tomorrow's workforce for life-long learning opportunities.

Cisco Networking Academy Program

 [Networking Academy Program Overview](#)
The Cisco Networking Academy Program is a comprehensive program designed to teach students Internet technology skills.

 [Global Learning Network](#)
Proven in the Academy program, this AVVID-based infrastructure integrates the elements of e-learning.
